

FINAL ISSUE

PRINCIPAL'S MESSAGE:

WHAT? May is already here! I simply cannot believe this school year has zooomed by! We are wrapping up the year with grade-level programs, SAGE & DIBELS testing, and end of year parties both in classrooms and across the school. Please pay close attention to notes and information from your child's teacher.

I appreciate each and every effort made by our teachers, our staff, you as parents, your children, etc. as we work together to teach our students. Each one of us plays such an important role in our students' lives. Being supportive and being a constant, positive example are extremely important when it comes to educating children. We do not take that assignment lightly here at Coral Canyon Elementary. We love our students and call them "our kids". Thank you for sharing your child with us this school year. It has been a fun year!

Remember we are celebrating Coral Canyon's 10th Year Anniversary on Thursday, May 12th from 5:00-6:30 p.m. An invitation will be coming home with your child this week. Spread the word as we are celebrating 10 years of excellence in education!

Here's a look ahead to begin the 2016-2017 school year:

We will post class lists for next year on Friday, August 5th. Last year we learned it was hard to read the papers through the tinted windows, so I will be posting them on the front doors this time.

A Back to School Open House will be held on Wednesday, August 10th from 4:00-6:00 p.m. This will be a wonderful opportunity for your child(ren) to meet their teacher and also hear some important information about the school.

School begins again on Thursday, August 11th! The first bell rings at 8:55 a.m. and the end of day bell rings at 3:30 p.m.

Let's finish the school year strong... and then have a FABULOUS summer and relaxing!

School Breakfast is cool!

Everyday is a perfect day for school breakfast!

As summer approaches, kids are often more restless and distracted at school. You can help to make sure that their last weeks of school are productive by ensuring that they begin the day with a nutritious breakfast. Studies show a good breakfast makes kids more alert, less distractible and better behaved in school; it even improves their test scores!

Let's keep our students focused by making sure they begin every school day with a balanced meal at home or at the School Breakfast program.

From the Reading Specialist:

Set aside daily time for reading AND writing. Here are two ideas:

1. Enjoy books together. Reading aloud to your child is valuable at any age!
2. Writing actually reinforces reading- requiring children to think about the individual sounds in words, spelling patterns, and the visual memory of how a word looks while maintaining the language of the sentence or idea. So, think about having your child write in a daily journal that will create a collection of this summer's memories. Encourage illustrations with a variety of art materials. Tuck it away for some fun rereading at graduation!

Enjoy a literacy filled summer!
