

PRINCIPAL'S MESSAGE:

The cold weather has arrived! The mountains are beginning to see snow here and there and the temperature is dropping. PLEASE make sure your child is dressed appropriately with shoes, socks, long pants, and a coat. If your child is in need of winter clothing, please contact our school counselor, Mrs. Stevens.

Thank you to those parents that made time to attend SEPs in November. Our teachers work extremely hard to ensure your child has the best learning environment possible. They set aside time to communicate and interact with you as parents. We appreciate your support.

* MINIMUM SCHOOL DAY
** NO SCHOOL

As I hope you are already aware, we have added the **R** to **STREAM** this year. **The R stands for Reading!** We have focused deeper on reading this year and hope you are doing the same at home. Because of this deeper focus, we held an assembly in October to talk about how important reading is. In this assembly, the students helped come up with a school wide reading goal. The students decided they wanted to read **1 MILLION MINUTES!** It was so fun to see how excited they were getting!

PTA has jumped right on board to support us in our **1 MILLION MINUTES READING GOAL** by creating a Read-a-thon fundraiser. We are all looking forward to the 1stSchool Wide Read-a-thon at Coral Canyon Elementary to take place in February/March. Students are reading, reading, reading in hopes they will meet the goal by the time of the fundraiser! *This fundraiser will replace the Walk-a-thon that has been done in previous years.* PTA will give more details as the time draws closer, but just know that students will be getting pledges for a number of minutes they can read in a specific time frame. We thank the PTA for supporting our school in this goal. Please come into the school gym to see our progress. Our Coral Canyon rocket ship is fueled by reading minutes as it travels across the universe. (Come take a look to see what I am talking about!)

As always, thank you for your support of your children and of our school! We all work together to help our students learn and grow. Enjoy the holiday season and remember to **READ, READ, READ!** I thoroughly enjoy interacting with your children. I have a great job!

CONGRATULATIONS!!

From the Reading Specialist:

When kids are reading, we often jump in to make corrections very quickly. Try just waiting to see if they correct themselves. You will be surprised at the number of times they make changes without your help, and it will give them more confidence in their ability as a reader to do it on their own. When a child is stuck on an unknown word, help him think of a meaningful fit and to look at details in the word to help solve it. The most important goal is to understand what is being read and develop a real enjoyment for reading!

Invest in your children!

Business people know decisions need to be made based on investment and return. The School Breakfast Program is a sound investment in children that helps guarantee a solid return for the community. Children who eat a healthy breakfast are more alert and achieve better academically. When children are successful in school, they help grow the economy and build a stronger community. Eating breakfast at school is an efficient, simple way for children to have a healthy start to their day. At less than the cost of most junk foods, the return on investment makes good sense. Business persons and parents alike set children up for success when they support the School Breakfast Program.
